

## Produced Water Roundup

Welcome to the Produced Water Roundup, a proposed quarterly update from the Ground Water Research and Education Foundation and the Ground Water Protection Council Produced Water Taskforce.

The recently published studies represent work started in 2020 to the present. They include ongoing produced water research, treatment, regulatory, and data collection across multiple universities. This clearinghouse effort is intended to share information about ongoing research and foster collaboration between researchers, regulatory agencies, industry, and other stakeholders.

So, **Kick Up Your Heels** and enjoy the Quarterly Roundup!
